Oracle EPM Cloud - Solution & Key Accomplishments

ACME United Corporation has been experiencing rapid growth, which forced them to maintain a significant number of offline spreadsheets. The monthly Consolidation process included leveraging several Excel workbooks, leaving a size-able amount of room for error in their external reporting, management reporting, and roll forward processes. Peloton's Fit-to-Modern methodology drove best practices into the future state by integrating Oracle EPM Cloud Financial Consolidation & Close to gain:

Increased Consistency

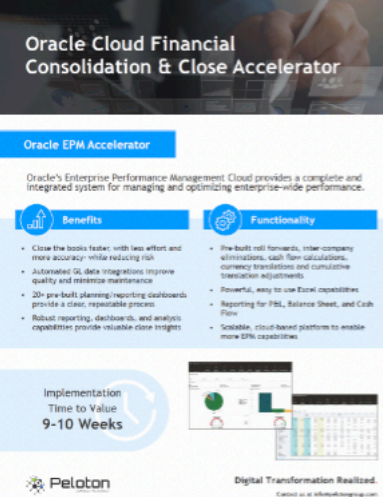

Improved Efficiency

Enhanced Reporting
