Coca-Cola Southwest Beverages (CCSWB), is one of the largest Coca-Cola bottlers in the United States. CCSWB produces, markets and distributes Coca-Cola brands in Texas, New Mexico, Oklahoma and Arkansas.

Oracle Cloud EPM - Solution & Key Accomplishments

Coca-Cola Southwest Beverages (CCSWB) had been running their business processes from Excel workbooks which were manually intensive, challenging to maintain and limited their forecasting abilities. Peloton Consulting Group conducted a Global Design Phase to determine the prioritization of business requirements that were needed for their Oracle Cloud EPM implementation. Peloton worked closely with the finance team at CCSWB to implement Oracle Cloud EPM Financials, Workforce, COGS and Reporting capabilities to achieve the following:

Dramatically reduced process cycle time for planning, forecasting & reporting

Delivered robust financial forecast and long-range planning capabilities

Integrated "what-if" simulation, scenario analysis, and rapid resource allocation
