Products Purchased: Oracle EPM Cloud - Planning & Tax Reporting

Systems Replaced: Oracle Hyperion Financial Planning

**Digital Realty Trust** owns, acquires, develops and operates data centers. The company is focused on providing data center, colocation and interconnection solutions for domestic and international customers.

#### Oracle EPM Cloud - Solution & Key Accomplishments

Digital Realty had been experiencing rapid growth from acquisitions which created a need for a more cohesive, integrated platform for Financial Planning and Tax Reporting. Working closely with Digital Realty, Peloton Consulting Group successfully implemented Oracle EPM Cloud to replace their on-premise Hyperion Planning application and deployed a new global Tax Reporting capability across the US, EMEA, and APAC.

The following benefits were achieved as a result of this implementation:

50 -70 Additional  
Legal Tax Entities

Reduced  
Manual Effort

Increased Visibility  
into Historical Data
