

Hyperion to EPM Cloud: Ferrara Candy & American Cast Iron Pipe

FOR ORACLE INTERNAL USE ONLY

Customer Spotlight

Ferrara Candy Company

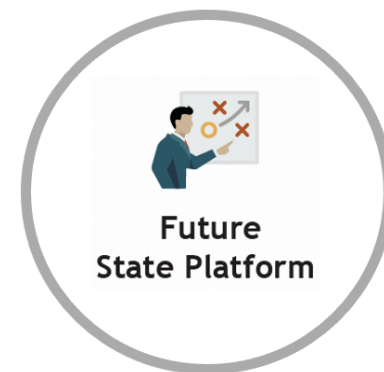

Location: Chicago, IL

Industry: Consumer Products & Goods (CPG)

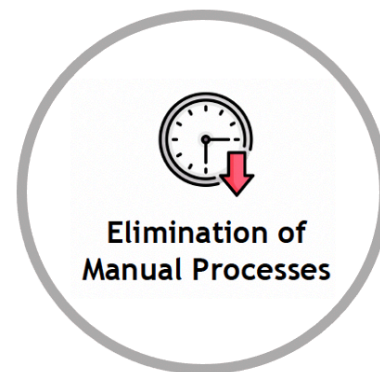

Solutions Supported: Oracle EPM Cloud - Financial Consolidation & Close

Solutions Replaced: Hyperion Financial Management

Ferrara Candy had previously been operating on an Oracle Hyperion Financial Management platform before migrating to EPM Cloud. As a leader in an emerging and dynamic market, they needed a more cohesive, integrated platform. Ferrara made the switch to Oracle EPM Cloud for Financial Close and Reporting to achieve the following:

**Future
State Platform**

**Elimination of
Manual Processes**

**User Friendly &
Dynamic Reporting**

American Cast Iron Pipe Company (ACIPCO)

Location: Birmingham, AL

Industry: Manufacturing

Solutions Supported: Oracle EPM Cloud - Planning & Tax Reporting (TRCS)

Solutions Replaced: Hyperion On-Premise

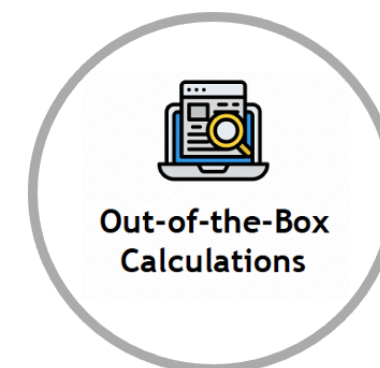

ACIPCO's Legacy Tax solution had reached end of life and Peloton Consulting Group was selected to implement Oracle Cloud - TRCS to process annual and quarterly provisions. Following this successful move, ACIPCO chose to migrate their On-Premise Hyperion Planning solution to the Oracle EPM Cloud. The migration was supported by Peloton's Fit-to-Modern and implemented value process improvements for areas such as:

**Streamlined
Dashboards &
Planning Forms**

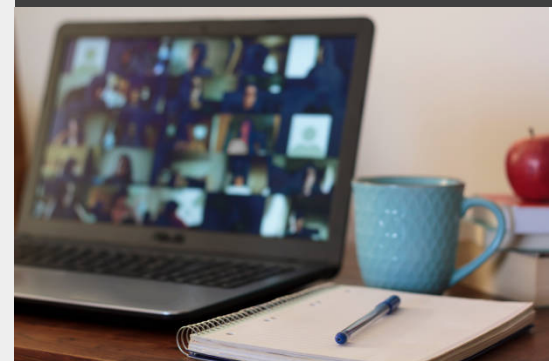

**Improved Granularity
& Efficiency Across
Balance Loads**

**Out-of-the-Box
Calculations**

Hyperion to EPM Cloud Event

Ferrara Candy and ACIPCO will be joining a Peloton Consulting Group Virtual Hyperion to EPM Cloud event on Thursday, March 2nd. These customers will be discussing the benefits they have achieved since migrating to EPM Cloud from Hyperion On-Premise.

Please reach out to Laura Sayer if you would like to learn more about this event: lsayer@pelotongroup.com
