Cloud EPM Business Drivers

Home Franchise Concepts (HFC) previous EPBCS system was not utilized by the business and required reconfiguration to deploy Financial Planning capabilities for P&L and Balance Sheet. HFC required hierarchies that aligned to business requirements in order to reduce dimensionality to the same level of detail used by their corporate planning team.

Peloton Consulting Group successfully implemented a best-in-class Oracle Cloud EPM solution leveraging Peloton's Breakaway methodology to ensure rapid learning and adoption throughout HFC's Senior Leadership team. HFC achieved the following benefits:

Deployed an easy to use, scalable solution for planning and reporting utilizing best practices

Allowed planning of Revenue & COGS by Subsidiary

Enabled the ability for input, trended, or driver-based activity

NRF 2024: Retail's Big Show

We proudly announce that Peloton Consulting Group has been selected as an Oracle co-sponsor for NRF 2024 – Retail's Big Show! We are excited for the activities planned throughout the show, including a Retail REDHOT Party, exclusive networking receptions, and speaking sessions with Oracle Retail customers.
