Oracle HCM Cloud Go Live

Industry: Energy

Liberty Energy | Denver, CO | www.libertyenergy.com

Products Purchased: Oracle HCM Cloud - Payroll, Time & Labor & Absence Management
Systems to be Replaced: UKG Ultimate (Ultipro)

Liberty Energy is an independent provider of hydraulic fracturing services to onshore oil and natural gas exploration and production companies in North America. They focus on offering safe, efficient and high-quality hydraulic fracturing and engineering services, aiming to become the vendor of choice.

Oracle Cloud - Solution & Key Accomplishments

Liberty Energy has achieved over 700% growth in the last four years; Growing rapidly from a start-up, to a \$2.5 billion company. Because of Liberty's growth and multiple acquisitions, they needed modern technology with systems in place to scale, as well as evolve with their business needs. Liberty chose Oracle as the best fit and most complete solution for their HCM, ERP, EPM, Transportation Management and Cloud Platform requirements.

Peloton Consulting Group worked closely with Liberty Energy to successfully deliver Oracle HCM Cloud - Payroll, Time & Labor and Absence Management. Liberty Energy quickly adopted Peloton's Breakaway Methodology which embodied their customer centric approach and ability to provide a system design that is fully scalable to meet the continual growth needs.

Peloton implemented a cutting edge Oracle HCM Cloud platform that:

Reduced infrastructure by increasing Oracle footprint w/Payroll, Absence Mgmt, & Time & Labor

6 payroll cycles for over 4000 employees across the United States

Automated all absence, hours balancing against payroll & 401k deferral

Oracle HCM Cloud - Journeys & Connection Accelerator
