

DPR Construction Successfully Live with Oracle Cloud EPM - Planning

FOR ORACLE INTERNAL USE ONLY

Oracle Cloud EPM Go Live

Industry: Engineering

DPR Construction | Redwood City, CA | www.dpr.com

Products Purchased: Oracle EPM Cloud - Planning

Systems to be Replaced: Microsoft Excel

DPR Construction is a commercial general contractor and construction management firm. The privately-held, employee-owned company has 30 offices throughout the United States and specializes in technically complex and sustainable projects for the advanced technology/mission-critical, life sciences, healthcare, higher education and commercial office markets.

Cloud EPM Business Drivers

To support their long-term financial planning goals, DPR Construction partnered with Peloton Consulting Group to transition from their legacy systems to a modernized Oracle Cloud EPM solution. DPR has grown through mergers and acquisitions and was focused on a unified process change across the organization. DPR's previous EPM system suffered from degrading performance and the FP&A and Project Teams were unable to review accurate, detailed project-level data to support organizational decisions.

Peloton Consulting Group delivered an Oracle Cloud - EPM solution that enabled consistent planning, consolidation of 100+ offline workbooks and close processes. As a result, the following key benefits were achieved:

Enabled project and sub-project level driver-based planning and reporting

Adjusted inputs, integrated data, and calculation outputs instantly available on structured reports

Reduced number of steps in the close process which allowed for a faster monthly cycle

Upcoming Event: Dallas, TX Oracle Cloud EPM Summit

Peloton Consulting Group is hosting an Oracle Cloud EPM Summit at the Virgin Hotel Dallas on Wednesday, February 28th. The summit will feature Oracle Senior Director of Product Management Al Marciante, a customer panel discussion and an Oracle Cloud - Connected Planning overview & demo. The summit will conclude with a private networking reception at the hotel's rooftop bar where attendees will have the opportunity to meet fellow industry peers and the Oracle & Peloton teams.

Current and prospective customers are encouraged to attend. Please use the link to the right to download the invitation:
