

Oracle successfully replaces Infor at Hachette Book Group

FOR ORACLE INTERNAL USE ONLY

Oracle ERP & FCCS Go-Live

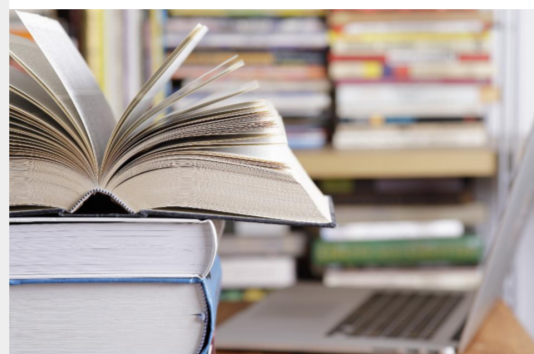

Hachette Book Group | New York, NY | www.hachettebookgroup.com

Industry: Media Publishing

Oracle Products Live: ERP Cloud

Systems Replaced: Infor

Competitor: Microsoft

Hachette Book Group (HBG) is a publishing company owned by Hachette Livre, the largest publishing company in France, and the third largest trade and educational publisher in the world. Considered one of the 'Big Five' publishing companies, Hachette publishes approximately 1400+ adult books (including 50-100 digital-only titles), 300 books for young readers, and 450 audio book titles (including both physical and downloadable-only titles). In 2016, the company had 214 books on the New York Times bestseller list, 44 of which reached #1.

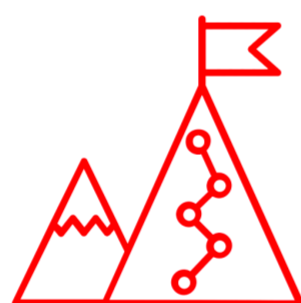

Go-Live Overview

Peloton is proud to announce the go-live of Oracle ERP Cloud General Ledger, Accounts Payable, Fixed Assets, Cash Management, Accounts Receivable, Inventory, and FCCS Close Management.

This strategic decision to move from a standalone legacy system to an Oracle integrated Cloud solution was driven by the need to reduce the amount of time and manual effort Hachette was using to generate Financial and Management Reports.

Our exceptional work has led to a sizable add-on EPBCS implementation starting in early December. A successful Phase 1 go-live has set the stage for their multi-phase transformational Order-to-Cash, Inventory Management, and HCM initiative during the next calendar year.

Key Accomplishments

- Established a complex global integrated banking solution with Citibank for multiple US and Canadian accounts
- Automated journal interfaces for millions of title transactions for HBG Royalty, Sales, and Gross Profit Systems
- Provided a robust financial reporting solution for Hachette-owned titles that previously took days to produce

Why Peloton Consulting Group

Peloton Consulting Group is an Oracle Platinum Partner with several Cloud Excellence Implementer certifications in ERP and EPM. With 8 years of proven experience across both Oracle ERP and EPM Cloud, Peloton was able to identify the key areas to focus on and deliver to drive maximum value for Hachette.
