

## Powering the Future of Retail Planning

In today's fast-paced retail environment, staying ahead isn't just an advantage—it's a necessity. As a small or medium-sized retailer, you face unique challenges that can make or break your business. That's where Peloton Consulting Group's RetailXcelerate comes in, transforming your planning processes and catapulting your business into the future of retail.

### The Retail Challenge: Navigating Complexity with Confidence

Every day, retailers are up against:

- Disconnected planning processes causing misalignment
- Inefficient store operations impacting customer experience
- Slow response to market changes and trends
- Unpredictable consumer demand leading to inventory imbalances
- Difficulty balancing inventory levels with cash flow

These aren't just obstacles—they're opportunities waiting to be unlocked. RetailXcelerate is your key to turning these challenges into your competitive edge.

### RetailXcelerate: Your Catalyst for Retail Excellence

RetailXcelerate is more than just a planning tool—it's a comprehensive solution designed to revolutionize your retail operations. Built on cutting-edge Oracle technology and infused with Peloton Consulting's deep retail expertise, RetailXcelerate is your partner in achieving retail excellence.

## Key Components

- **Oracle Cloud EPM Planning:** At the core of RetailXcelerate is Oracle's robust platform, providing integrated financial planning, budgeting, and forecasting capabilities. This powerful engine drives accurate, data-driven decision-making across your organization.
- **Pre-Built Planning Content:** RetailXcelerate comes equipped with tailored solutions addressing specific retail needs. Our pre-configured forms, input templates, and business logic (PCG Logic) cover all aspects of retail planning—from sales and store planning to operational planning.
- **Peloton Consulting Expertise:** Our team brings in-depth industry knowledge and implementation expertise to every deployment. We ensure a smooth, effective implementation and provide ongoing support to maximize your success.
- **AI-Powered Intelligence:** Leverage cutting-edge AI for Intelligent Performance Management. RetailXcelerate's predictive capabilities help you stay ahead of trends and make proactive decisions.

## Key Benefits

- **Integrated Planning:** Our comprehensive approach ensures all your planning processes work harmoniously, leading to better decision-making and improved profitability.
- **Enhanced Accuracy in Planning:** Visibility to planning assumptions leads to better insight and plan accuracy. Ability to model different planning scenarios quickly driving team consensus.
- **Best Practice Alignment:** Alignment to Retail & Oracle Planning Best Practices provide efficiencies enabling more time spent on value added activities including more robust planning.
- **Increased Adoption:** Ability to model, plan, and analyze the operational and financial drivers that impact and determine expected financial performance drive organizational adoption.

RetailXcelerate isn't just another planning tool—it's your competitive advantage in the retail landscape. Here's why:

- **Tailored for Retail:** Our pre-configured solutions understand and address the nuances of the retail industry. We speak your language and solve your specific challenges.
- **Successful Deployment:** Pre-configured solution and standardized delivery methodology reduces implementation risk and increases time to value. You'll start seeing results in weeks, not months.
- **Comprehensive Planning:** Enjoy an integrated approach covering all key planning areas—sales, store, and operations. No stone is left unturned, and no opportunity is missed.
- **Expert Support:** Benefit from continuous guidance and support from Peloton's experienced consultants. We're with you every step of the way, ensuring your success.

## About Peloton Consulting Group

Peloton Consulting Group has the vision and connected global capabilities to help organizations envision, implement, and realize the benefits of digital transformation. Our team has the best practices, knowledge, industry expertise, and know-how. We make digital transformation a reality by leveraging Enterprise Performance Management (EPM), Enterprise Resource Planning (ERP), Supply Chain Management (SCM), Human Capital Management (HCM), Customer Experience (CX), Analytics, and Data Management for the cloud. Through connected capabilities, we bring people, processes, and technology together. We help organizations go further faster. That is the Peloton way!
